- Tripod
- Type-C OTG Adapter

Additional Information

- The webcam has no audio output function, so the device will not output sound. If you want to hear the other party's voice during a video call, if the monitor (such as a PC) has an audio output function, the sound will be output from the monitor.
- If you are unable to access Windows 10's preinstalled Skype with this 1080P webcam, please go to the Skype official website to download the desktop version.

FEATURE SPOTLIGHT

Wide business webcam field-of-view. Enjoy an extended view – 90 degrees – perfect for presenting using a whiteboard or doing demos.

Supports multiple resolutions: 4K (Ultra HD) @ 30 fps, 1080p (Full HD) @ 30 fps and 720p (HD) @ 30 fps to best support the quality offered by your application and monitor.

Gain control technology and Fixed Focus Webcam intelligently adjusts to improve visual quality in low light at multiple distances.

Multiple mounting options
Freedom to mount the camera wherever it works best – LCD screen, notebook, or tabletop – by using the attached clip or the tripod embedded thread.

Omni-directional microphone
With a built-in excellent microphone, it accurately recognizes the sound of 3 meters at the site and realizes clear recording sound quality. Equipped with noise reduction function, the signal-to-noise ratio (signal-to-noise ratio) can reduce noise, and can clearly play games, online meetings and video calls.

Pan and tilt within the 75-degree field-of-view scene for focused viewing during desktop video conferences.

PTZVISION Webcam supports most of video conference softwares like Skype, Twitch, YouTube, Facebook, OBS, Xsplit, Hangouts, Mixer, Zoom, Face Time, Yahoo Video messenger, Microsoft Teams etc.

Glass lens
Enjoy razor-sharp images even when showing documents up close, a whiteboard drawing or a product demo.

Convenient privacy shutter
Easy lens enclosure for added privacy and security.

Plug-and-play Type C or USB connectivity
Easily connects to PCs or Macs with no additional software required.
